Are you looking for practical tools to improve young people's SRHR? Don't reinvent the wheel but come and try out the tools that were developed by the Dutch SRHR Alliance. And discuss with the designers of these tools how you can apply them in your work.

Wisdom Island

A role-play game for young people developed by dance4life in Pakistan around SRHR information

Sautiplus

A multi-media platform developed by Reach A Hand Uganda to widely distribute information about sexuality and engage with young people.

Mobiles for Mothers

An app that supports Indian community health workers to provide information to pregnant mothers needed for a safe pregnancy and delivery.

Me and My World

The web-based version of the successful comprehensive sexuality education programme in Bangladesh.

PhotoVoice

PhotoVoice gives individuals the opportunity to speak out, to generate data for research, advocacy or communication purposes. Also join our PhotoVoice competition during Women Deliver! Find out how it works [here](#)

And many more...

Experience the Dutch Approach, visit us at the Holland House!

From 17 to 19 May, the SRHR Alliance will be present at the Holland House, located at C2-067, 068, 081, 082 in Bella Center. Together with several northern and southern partners we will facilitate many exciting and interactive sessions on SRHR. Join our sessions or come and find us for a meet & greet with our SRHR Alliance professionals.

We hope to see you there!
